

ADVANCED SURGICAL EXPOSURES IN DIFFICULT FRACTURES

A CADAVERIC WORKSHOP

21-22 November 2024

ศูนย์ฝึกทักษะผ่าตัด โรงพยาบาลศิริราช

DAY 1 (Thursday, 21 November 2024)

| | | |
|------------------|---|-------------------------------|
| 0730-0800 | Registration | |
| 0800-0805 | Welcome address | Chief of Department |
| 0805-0810 | Opening remark | Kongkhet |
| 0810-0815 | Course organization and Introduction | Chavarin |
| 0815-0830 | The art of cadaveric dissection | Theerachai |
| 0830-0910 | Lecture: Approaches to the proximal and shaft of humerus <ul style="list-style-type: none">- Deltopectoral approach (10 min)- Deltoid split + entry point of nail (10 min)- MIPO anterior shaft humerus + video demonstration (20 min) | Vajara Direk Theerachai |
| 0910-1000 | Cadaveric workshop: proximal humerus and shaft humerus | All faculties |
| 1000-1020 | Lecture: Approaches to capitellum, radial head, proximal radius and coronoid (Anterior, medial and lateral) (do ONLY one side) | Navapong |
| 1020-1100 | Cadaveric workshop: proximal forearm | All faculties |
| 1100-1120 | Lecture: Surgical approaches of distal Humeral fracture, elbow <ul style="list-style-type: none">- Olecranon Osteotomy approach - Pearls and pitfalls, how to do ulnar nerve transposition (same side with proximal forearm approach) (10 min)- Posterior triceps splitting and other alternative approaches: Paratricipital, TRAP, Bryan's Morrey (10 min) | Pongsakorn B Surasak |
| 1120-1210 | Cadaveric Workshop: Distal Humerus | All faculties |
| 1210-1300 | Lunch | |
| 1300-1320 | Lecture: Approaches to distal femur – Intra and extra-articular <ul style="list-style-type: none">- Lateral parapatellar and direct lateral (for Hoffa) approach- Medial subvastus, posteromedial approach for Hoffa fracture | Noratep Eakachit |
| 1320-1400 | Cadaveric workshop: Distal Femur | All faculties |
| 1420-1440 | Lecture: Approach to Proximal Tibia and Tibial Plateau Fractures <ul style="list-style-type: none">- Posteromedial approach in supine and prone- posterolateral in prone and lateral decubitus (including Frosch) | Saran Suwittha |
| 1440-1520 | Cadaveric workshop: Proximal tibia and tibial plateau fractures | All faculties |
| 1520-1540 | Lecture: Posterior approach to the hip and how to preserve the blood supply of femoral head (including trochanter osteotomy) | Surapong |
| 1540-1630 | Cadaveric workshop: Posterior approaches to the hip | All faculties |
| 1630-1640 | Q&A | |

DAY 2 (Friday, 22 November 2024)

| | | |
|-----------|--|----------------------|
| 0830-0850 | Lecture: Approaches to distal tibia, tibial plafond and talus fractures - Anterolateral, Anteromedial - Posterolateral, Posteromedial | Sukanis Kitchai |
| 0850-0940 | Cadaveric workshop: Distal tibia, tibial plafond, talus (Do ONLY one side) | All faculties |
| 0940-0950 | Lecture: Approaches to Calcaneus fracture, Lisfranc fracture - Tarsi and extended lateral approach | Pongpol |
| 0950-1040 | Cadaveric workshop: Calcaneus, Lisfranc | All faculties |
| 1040-1100 | Coffee break | |

Modules (60 min/rotation): Wrap up 10 min, Cadaveric workshop 40 min, Conclusion 10 min

1. How to do fixation at the glenoid neck and scapular body? (Chittawee, Pornpanit)
2. How to do fixation with hook plate? (Thongchai, Pongsakorn)
3. How to do medial plate fixation at the femoral neck? (Apipop, Rahat)
4. How to do common flaps in lower extremity? (Surasak, Navapong)

| | | |
|------------------|--------------------------------|----------------------|
| 1100-1200 | Rotation 1 | All faculties |
| 1200-1240 | Lunch | |
| 1240-1340- | Rotation 2 | All faculties |
| 1340-1440 | Rotation 3 | All faculties |
| 1440-1500 | Coffee break | |
| 1500-1600 | Rotation 4 | All faculties |
| 1600-1630 | Q&A | |
| 16.30 | Closing and Certificate | |

Faculty

| | | |
|----------------|-------------------|--|
| 1. Apipop | Kritsaneephaiboon | Prince of Songkhla University |
| 2. Bunchong | Mahaisavariya | Siriraj Hospital, Mahidol University |
| 3. Chavarin | Amarase | King Chulalongkorn Memorial Hospital |
| 4. Chittawee | Jiamton | Queen Savang Vadhana Memorial Hospital |
| 5. Direk | Tantigate | Siriraj Hospital |
| 6. Eakachi | Sikarinkul | Bangkok hospital, Bangkok |
| 7. Kanyika | Chamnprasas | Prince of Songkhla University |
| 8. Kitchai | Luksameearunothai | Vajira Hospital |
| 9. Kongkhet | Riansuwan | Siriraj Hospital, Mahidol University |
| 10. Nathapon | Chantaraseno | Bangkok hospital, Bangkok |
| 11. Navapong | Anantavorasakul | Lerdsin Hospital |
| 12. Noratep | Kulachote | Ramathibodi Hospital, Mahidol University |
| 13. Pongpol | Petchkam | Bumrungrad International Hospital |
| 14. Pongsakorn | Bupparenoo | MedPark Hospital |
| 15. Pornpanit | Dissaneewate | Prince of Songkhla University |
| 16. Rahat | Jarayabhand | Bhumibol Adulyadej Hospital |
| 17. Saran | Tantavisut | King Chulalongkorn Memorial Hospital |
| 18. Sitthiporn | Orapin | Chiang Mai University |
| 19. Sukanis | Chumchuen | Thammasat University |
| 20. Surapong | Anuraklekha | Bumrungrad International Hospital |
| 21. Surasak | Jitprapaikulsarn | Buddhachinaraj Hospital |
| 22. Suthorn | Bavonratanavech | Bangkok hospital, Bangkok |
| 23. Suwittha | Sripadungkul | Khon Kaen University |
| 24. Theerachai | Apivatthakakul | Chiang Mai University |
| 25. Thongchai | Laohathaimongkol | Queen Savang Vadhana Memorial Hospital |
| 26. Vajara | Phiphobmongkol | Bangkok hospital, Bangkok |
