

THOFAS ANNUAL MEETING 2024

Day 1: 19 September 2024

Time	Topic	Speaker	
07:50-08:00	Introduction of THOFAS Annual Meeting 2024	Marut Arunakul President THOFAS	
Session 1	Trauma 1: Talus fracture I		
Moderator 1	Chaiyarit Cheewawattanachai		
Moderator 2	Thaweetoon Thongmai		
08:00-08:10	Basic knowledge of anatomy, vascular supply, and classification for talus fracture	Penpun Lertwattanachai	
08:10-08:22	How to take care talus fracture initially: time and technique of reduction, investigation, overview of surgical approaches and implants selection	Phatchaya Klongkaew	
08:22-08:34	My technique for fixation talar neck fracture Hawkin type 1-4: From position, approaches, implants, to fixation	Pongpol Petchkum	
08:34-08:46	Difficult case talar neck fracture: How I can fix comminuted fracture with and without malleolar osteotomy	Yantarat Sripanich	
Session 2	Trauma 2: Talus fracture II		
Moderator 1	Nattapong Pholpradubpet		
Moderator 2	Nattapong Sasipotawan		
08:48-09:00	Cartilage injury at the time of talus fracture: Excision versus fixation and outcomes after treatment	Poonsak Koonalinthip	
09:00-09:12	Simultaneous talus fracture with ankle or foot fractures: What is the sequence of fixation and how I manage them?	Pongpol Petchkum	
09:12-09:24	Talar body fracture: Adequate fixation with and without malleolar osteotomy	Bavornrit Chuckpaiwong	
09:24-09:36	Lateral and posterior process talar fracture: Which approaches and implants is the best for fixation?	Krit Rachayon	
09:36-09:45	Open Ceremony	Thipachart Punyaratabandhu President of RCOST	
09:45-10:15	Coffee Braek and Exhibition visit		
Session 3	Trauma 3: Talar fracture III		
Moderator 1	Ishthayapong Kanjanakeereewong		
Moderator 2	Sittha Chuekitkumchorn		
10:15-10:27	Unfixable severe comminuted with bone body loss or extrusion of the talus: Total talar prosthesis and what is my current treatment?	Tanawat Vaseenon	
10:27-10:39	Non-union talus fracture: I will share my experieces to solve the problem	Adithep Suntichotiwong	
10:39-10:51	Malunion talus: My secret to manage them effectively and what is the evidence?	Thanut Valleenukul	
10:51-11:03	Osteonecrosis or infarction of the talus after talar fracture: Update current treatment	Apisarn Chinanuvathana	
Session 4	Special topic		
Moderator 1	Jirun Apinun		
Moderator 2	Arthithat Kirinpanu		
11:05-11:20	The important clinical points from my experiences that I want to transfer to the orthopaedic foot and ankle surgeons before I step down 1 The controversy in acute ankle fracture, Laugae Hansen classification type IVA: Surgery vs Conservative treatment 2 Role of ankle arthroscopy in acute ankle fracture: Do or Do not perform this procedure.	President THOFAS: Marut Arunakul	
11:20-11:30	Introduction graduated THOFAS Foot and Ankle fellow 2023- 2024	President THOFAS: Marut Arunakul	
11:30-13:00	Lunch Symposium		
11:30-12:00	Eisai		
12:00-13:00	TRB		
13:00-14:00	Workshop 1: Taise	Workshop 2: Cartifill	Fellow paper contest
Session 5	Trauma 5: Calcaneal fracture 1		
Moderator 1	Jirasak Wongkaewpotong		Moderators
Moderator 2	Kavin Vongsthongsri		Moderators
14:00-14:12	Minimal invasive fixation for displaced calcaneal fracture: Can I fix all Sander type of calcaneal fracture	Adisorn Chongmuenwai	Fellow 1
14:12-14:24	Sinus tarsi approach: Update treatment in Sander type II-III and sharing my experiences with how far I can go?	Akaradech Pitakveerakul	Fellow 2
14:24-14:36	Displaced, comminuted calcaneal fracture: The lateral extensile approach is still my technique and how I do it?	Tanarat Hempongphan	Fellow 3
14:36-14:48	Primary subtalar arthrodesis in severe comminuted calcaneal fracture Sander type IV: Tips and Tricks and systematic review of primary subtalar arthrodesis	Chavapol Kittinopphadol	Fellow 4
14:48-15:00	Malunion calcaneal fracture: Overviews, classifications, techniques for distraction bone block arthrodesis	Sora Tonsuthanluck	
15:00-15:12	Osteomyelitis after calcaneal fracture: A systematic reiew	Songwut Thitiboonsuan	
15:12-15:42	Coffee Break and boot visting		
Session 6	Trauma 5: Hightlight and speical issues		
Moderator 1	Korakot Thamphongsri		
Moderator 2	Apisit Rattanatanasarn		
15:42-15:54	Tri-malleolar fixation: what approach should we use to get the anatomical reduction, secured fixation, and safty for skin bridge	Jakrapong Orapin	
15:54-16:06	Non-union in foot and ankle surgery: Current treatment option up to 2024	Chaivat Sriratanavudhi	
16:06-16:18	Evidence and curent treatment update for deltoid injury: From isolated deltoid rupture to ankle fracture with deltoid ligament iniury (SER type IV equivalent)	Jirawat Saengsin	
16:18-16:30	Base of 5th metatarsal fracture: Systematic reviews of conservative versus ORIF with screws or plate	Korakot Maliwankul	
16:32-16:44	The difficult case pilon fracture: Update current treatment and sharing my experience for approach and definitive treatment	Theerawoot Tharmviboonsri	
16:44-16:56	Morton neuroma: Systematic review of treatment and long-term outcomes	Methasit Suksinthanon	

THOFAS ANNUAL MEETING 2024

Day 2: 20 September 2024

Time	Topic	Speaker
Session 7		
Sport injury 1		
Moderator 1	Taradon Toruen	
Moderator 2	Narutchai Chotikkakamthorn	
08:00-08:12	Achilles tendon rupture: Conservative versus surgery, which one is better in 2024?	Parinya Maneeprasopchoke
08:12-08:24	Chronic Achilles tendon rupture from small to large gap: Current update treatment in 2024	Pisit Boonma
08:24-08:36	Insertional Achilles tendinitis in young patient: What should we do and evidence-based treatment?	Supachok Rasamimongkol
08:36-08:48	Peroneal tendon dislocation: Systematic review in 2024	Chatchavan Charoenthamruksa
08:48-09:00	Peroneal tendon tear in athletes: What should I do for them and what is the evidence to support?	Worarat Leelacharoenporn
Session 8		
Sport injury 2		
Moderator 1	Supoj Kungwan	
Moderator 2	Piriya Panichpibool	
09:02-09:14	Update treatment of sesamoid stress fractures	Chakorn Rimchala
09:14-09:26	Ankle snapping or loader in the ankle: How I approach and fix them?	Jirun Apinun
09:26-09:38	Os Trigonum and FHL tenosynovitis: Arthroscopic technique for fixation and outcomes with complications after the surgery	Tinnart Sittapiroj
09:38-09:50	Osteochondral lesion of the talus: Overview and update treatment in 2024	Pongsathorn Chailertpongsa
09:50-10:02	Large osteochondral lesion of the talus: What is the current evidence and treatment option in Thailand?	Methee Khongphaopong
10:02-10:14	Small and large cystic lesion on the talus: how I solve this problem?	Natapong Kaewsawang
10:14-10:44	Coffee break and boot visiting	
Session 9		
Moderator 1	Pramote Thanasupakornkul	
Moderator 2	Palakorn Patanasittangkur	
10:44-10:56	Current medical treatment for osteoporosis related in foot and ankle problem (Guest speaker from metabolic subspecialty)	Teerapat Tutaworn
10:56-11:08	Update wound care in foot and ankle ulceration, diabetic foot ulceration, and chronic wound	Satetha Vasaruchapong
11:08-11:19	Top 3 of my successful surgery versus top 3 of my terrible surgery: What did I learn from the past?	New president-elect 2026-2028)
11:19-11:30	What I believe to be the new solution for foot and ankle problem: Choose 3 procedures? (New THOFAS president 2024-2026)	Jirun Apinun
11:30-13:00	Lunch Symposium	
11:30-12:00	Voltaren gel	
12:00-13:00	Phoenix	
13:00-14:00	Workshop 1: Arthrex	Workshop 2: Bright
Session 10		
Trauma 5: Ankle arthritis and miscellaneous foot and ankle problem		
Moderator 1	Atjapol Maprajong	
Moderator 2	Yingyos Ratanacharatroj	
14:00-14:10	Total ankle replacement: Update current treatment and long-term outcomes	Pongpanot Sornsakrin
14:10-14:20	My experiences in Cadence total ankle replacement: Important points that I want to share to everybody	Chamnanni Rungprai
14:20-14:30	My experiences in TARIC total ankle replacement: Tips and Tricks to make it work!	Thos Harnroongroj
14:30-14:40	Systematic review of ankle arthrodesis up to 2024: Why this technique is still a standard treatment for ankle arthritis	Warongporn Pongpinyopap
14:40-15:00	Tips and tricks for ankle arthrodesis: screws versus plate system	Suebsagul Nangnaul
15:00-15:30	Coffee Break and boot visiting	
Session 11		
Foot and ankle deformity		
Moderator 1	Anan Tarachewin	
Moderator 2	Adigun Vongvanichvathana	
15:30-15:42	Current treatment options for bunions deformity	Atthaporn Siriburananon
15:42-15:54	Current treatment strategies for cavovarus foot deformity	Thanawat Chartsakulsak
15:54-16:06	Systematic review surgical treatment of flexible flatfoot deformity	Krit Prugsawan
16:06-16:18	Plantar plate injury: Update current surgical treatment and outcomes after surgery	Pawin Wanasitchaiwat
16:18-16:30	Systematic reviews of minimal invasive surgery for hallux valgus deformity	Pat Chulasiri
